

GOLF SIMULATOR & LAUNCH MONITOR SYSTEM

Golfzon Wave - Golf Simulator and Launch Monitor

The Most Immersive Simulator & Launch Monitor Experience in Golf.

Introducing **Golfzon WAVE**, the first-ever dual device launch monitor system that can accurately detect every shot from tee to flag, down to even the most delicate putts. Perfect for serious practice or playing for fun.

Golfzon WAVE is a revolutionary golf system combining radar and infrared for accurate data, suitable for indoor/outdoor use, and featuring the WAVE Skills mobile app with 34 data parameters and Vision WAVE enabling you to play world-class golf courses.

Home Golf Simulator

Experience the luxury of golf practice right in your home with Golfzon WAVE. You can play almost 150 World Famous Golf Courses from the comfort of your own home, whilst getting 34 data parameters so you can track your progress and refine your game.

Wave Radar:

The WAVE Radar launch monitor uses the latest Doppler Radar Technology to provide 26 data parameters on all full swing shots you take via the WAVE Skills App (iOS and Android Compatible).

Wave Putt:

The WAVE Putt sensor uses precision infrared technology, capable of providing 8 data parameters such as Tempo, and Face Angle. For the first time ever you can finish a hole on a simulator using a putting device.

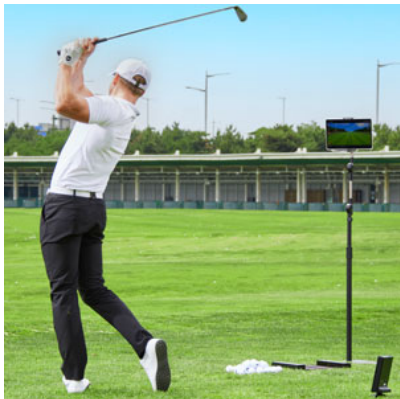

Gameplay:

Using Golfzon's Vision WAVE software you have access to 148 World-Famous Golf Courses (3 Courses included). Play the 2023 Ryder Cup Course, St. Andrews Old Course and more! Subscription required.

Trusted by Pros

"Since I've started using WAVE I've gotten much better with everything, my numbers, my wedges, and distance control. You have all the data right in front of you in a matter of milliseconds after you hit the ball. You've got everything you need right here." - Matthew Wolff, Professional Golfer

Driving Range:

Analyse key performance metrics in real-time, allowing you to make immediate adjustments. It's like having a personal golf coach every time you swing.

Garden Practice:

Turn your garden into a golfer's paradise. Golfzon WAVE lets you enjoy the outdoors while honing your skills. It's the perfect blend of nature and technology for the avid golfer.

Training Facility:

Golfzon WAVE is the ultimate addition to any golf facility. Ideal for teaching and enticing customers, it offers unparalleled insights and analytics, making it a must-have for serious golf institutions.
