Func Wall/Floor 2

Func Wall/Floor is a very stable design, perfect for large heavy displays and touch displays. Thanks to the smart design that shifts the weight to the floor, you can mount the Func Wall/Floor also where walls are thin, e.g. at events. Perfect for small spaces where a large base plate would be in the way. The bracket is fixed to a certain height (optional at installation). Smart storage box, fits e.g.mini-PC or codec. The box can be locked with a padlock (not supplied).

The display can be secured with screws (included) or locked with a padlock (not supplied) which provides increased personal safety and protection from theft.
