❯ PRODUCT TEXT

Upgrade your KUBO Coding Starter Set and boost your students' skills with 36 additional TagTile® pieces, allowing control of time, speed, distance, and direction.

With KUBO Coding+, students become more confident programmers using more advanced functions, subroutines, and loops for endless possibilities. There are comprehensive lesson plans and teacher guides to guide you and your students all the way, available for free from portal.kubo.education

To use these TagTiles you will need a KUBO Coding Starter Set

❯ BENEFITS

- Easy to use, up and running in less than 5 minutes
- Unique TagTile concept, hands-on and screen-free
- Easy to differentiate, low entry, high ceiling for computational thinking
