

SANDISK® QUICKFLOW™ MICROSD™ CARD READER WITH USB-C™

FROM CAPTURE TO POST-PRODUCTION AT UNPRECEDENTED SPEEDS.

Dive into the future of data transfer with the SANDISK® QuickFlow™ microSD™ Card Reader with USB-C™, our fastest microSD™ UHS-I card reader. An essential part of your workflow, the USB-C™ reader/writer helps maximize speed so you can quickly start your photo and video file post-production processes. Upload thousands of high-resolution RAW images shot in continuous burst mode, plus hours of 5.3K or 4K UHD videos¹ shot on your action cam or drone, in a flash. Move media straight from your microSD™ card to USB-C™ devices for seamless editing in mobile or desktop apps and effortless sharing on social media. For maximum versatility, its USB Type-C™ 3.2 Gen 1 interface is compatible with Type-C 2.0 and 3.0 ports, and it supports both UHS-I and UHS-II microSD™ cards for high-speed data transfers. An inconspicuous design element emits light when the reader is in use, and its streamlined shape consumes very little space in your bag.

SANDISK™

(→) HIGHLIGHTS

- **SPEED UP. CREATE MORE.** Sandisk's reader helps reduce the time spent moving thousands of massive files in your pursuit of the right moment.
- **UNCOMPROMISING PERFORMANCE AT EVERY STEP.** In addition to being an industry leader in microSD™ card development, Sandisk delivers workflow solutions that provide you with exceptional performance at every phase of your creative journey.
- **SEAMLESS COMPATIBILITY.** USB 3.2 Gen 1 Type-C connector works with USB 3.0/2.0 Type-C ports on many devices, including select smartphones. Supports UHS-I and UHS-II microSD™ cards for fast transfers of high-res photos and 4K UHD video.¹
- **EFFORTLESS PORTABILITY.** Compact and super light, this SANDISK® QuickFlow™ Reader is easy to carry in your camera bag, backpack, or tuck in your pocket.
- **SUPER RELIABLE.** Relax knowing the reader is built to last and backed by a 2-year limited warranty.²
