

VLS1-10S-UC-C

10-bay Volt 1:1 USB-C laptop charging locker with individual digital code locks

Illustrative digital code-lock configuration

Capacity

10 individually secured devices

Compatibility

Laptops, Chromebooks and tablets up to 17 inches

USB-C charging

Integrated USB-C PD 3.0, up to 60 W per port

Security

Digital code locks with master-key override

Product overview

The Zioxi VLS1-10S-UC-C is a compact desktop charging locker for ten laptops, Chromebooks, tablets and other USB-C devices. Each device is stored in its own secure compartment with an individual digital keypad lock. Integrated USB-C Power Delivery electronics are housed in a separate front-accessed electrical bay, helping keep heat and excess cabling away from the device compartments.

- + Up to 60 W per port: USB-C PD 3.0 charging supports laptops, Chromebooks, tablets and phones.
- + Individual digital access: Code locks include master-key override and can be configured for public or private use.
- + Neat cable presentation: Zioxi oneClick cable ports expose only a short lead length inside each compartment.
- + Front electrical access: Setup and maintenance remain straightforward when units are positioned beside furniture.
- + Robust compact design: Aluminium double-wall front and doors with a white melamine-faced MDF carcass.

Overall dimensions: 720 H x 580 W x 510 D mm

Technical specifications

Short product code	VLS1-10S-UC-C
Current UK configuration code	VLS1-10S-UC-C-G-UK
Manufacturer	Zioxi
Product type	Desktop 1:1 USB-C laptop charging locker
Device capacity	10 devices
