

# USB Extender

## UCE60

UCE60 lets you locate your USB device or hub up to 60m (198 ft) from your computer, overcoming the typical USB cable limitation. It conditions the USB signals to communicate up to 60m using low-cost Ethernet cable.

OS Support  
Win, Mac

## Features

- USB 2.0 full speed complaint
- Provides support for any full-speed (12Mb/s) or low-speed (1.5Mb/s) USB devices
- Extends the transmission distance of a USB device up to 60m (198 ft) using Ethernet cable
- Embedded USB Transceivers prevent signal loss
- Lowest cost solution for extending USB signals
- No additional installation software required
- LED indicates when additional external power supply needed

## Specifications

|                        | Local Unit                  | Remote Unit                   |
|------------------------|-----------------------------|-------------------------------|
| Connectors             |                             |                               |
| USB Port               | 1 x USB Type-A Male (White) | 1 x USB Type-A Female (White) |
| Link                   | 1 x RJ-45 Female            |                               |
| Power                  | N/A                         | 1 x DC Jack (Optional)        |
| USB Specification      | 2.0 Full / Low Speed        |                               |
| Environmental          |                             |                               |
| Operating Temperature  | 0 – 40 °C                   |                               |
| Storage Temperature    | -40 – 85 °C                 |                               |
| Humidity               | 0 – 80% RH, Non-condensing  |                               |
| Physical Properties    |                             |                               |
| Housing                | Plastic                     | Plastic                       |
| Weight                 | 0.03 kg                     | 0.02 kg                       |
| Dimensions (L x W x H) | 6.30 x 3.10 x 2.19 cm       |                               |
