

Chromebook Slimline Cabinet

Very shallow, wall mount Chromebook charging stations

Chromebook slimline cabinet designed specifically for wall mounting in narrow spaces. Simple to use, easy to clean and can be placed pretty much anywhere.

Key features:

- Capacity for 10 Chromebooks and laptops with up to 14" screen sizes
- Angled smooth plastic shelves designed to protect device casings and providing very easy device removal & replacement
- Cables and AC adapters are stored in a separate electrical compartment
- The unique **ziox**i cable management ports present & retain only a short length of USB cable alongside each shelf - so cables are all neat & tidy, very simple to connect and can't go missing
- Door folds right back (> 180 degrees)
- Digital code (with master key), RFID and key lock options
- Smooth, easy to clean surfaces
- Fixing points to enable the cabinet to be mounted to a wall
- Grey electrical compartment cover as standard, other colour options for large order quantities
- Add the option of **ziox**i **onView** web management for remote control and monitoring

Chromebook Wall Charging Cabinet

Shelf dimensions:

The **zioxi** Chromebook charging wall cabinet is designed to accommodate Chromebooks and laptops with up to 14" screen sizes. The shelf aperture size is 400d x 260w x 33h (mm) - always best to check your device & any case dimensions (including with the power connector plugged into the device) before ordering.

Construction	White melamine-faced MDF carcass & door, grey (as standard) electrical compartment steel cover and robust 6mm plastic shelves
Charge only	Requires 1 power socket (UK, EU and others). Supports device AC power adapters with UK and EU plug formats, others by request. <i>(Individual device AC power adapters & cables are required but not included. We recommend the use of manufacturer supplied power adapters and cables to ensure the safe delivery of the correct power).</i>
Warranty	5 years (2 years for electronics)
