

VLS1-10S-M-O

10-bay Volt 1:1 laptop charging locker with mains sockets, onView MIFARE RFID access and remote management

Capacity	10 laptops, Chromebooks or tablets
Compatibility	Designed for devices up to 17-inch screen class
Charging	10 mains sockets for manufacturer AC adapters
Access	onView MIFARE RFID card and fob control

Product overview

The Zioxi VLS1-10S-M-O is a connected desktop charging locker for ten laptops, Chromebooks, tablets and other mobile devices. Each device is stored in an individual compartment controlled through onView MIFARE RFID access. A separate front-accessed electrical bay contains ten mains sockets and space for manufacturer-supplied AC power adapters, keeping chargers, heat and excess cabling away from the device compartments.

- + RFID access control: Supports MIFARE cards and fobs using ISO/IEC 14443 standards.
- + Remote management: The onView web portal and app support user assignment, remote opening and locker status control.
- + Flexible locker modes: Configure loan, break/fix, public and private modes.
- + Green charging: Schedule charging and use rules to reduce power consumption and carbon impact.
- + Protected cable management: Zioxi oneClick ports present only a short charging lead inside each compartment.

Overall dimensions: 720 H x 580 W x 510 D mm

Technical specifications

Short product code	VLS1-10S-M-O
Current full UK code	VLS1-10S-M-O-G-UK
Manufacturer	Zioxi
Product type	Desktop onView RFID laptop charging locker
Device capacity	10 devices
Compatible devices	Laptops, Chromebooks, tablets and other mobile computing devices
Screen-size class	Designed for most devices up to 17 inches; check actual device and case dimensions
External dimensions	720 H x 580 W x 510 D mm
