

Laptop Charging Cupboard

Unobtrusive, easy to use & with neat cable management

Provides charging and secured storage for 16 or 32 Laptops (see shelf dimensions). Horizontal device storage for easy access, with only a short length of power lead presented to each shelf.

Key features:

- Compact, simple, elegant & unobtrusive design
- Charging using the manufacturer supplied AC adapters, all stored in a separate and secured electrical compartment with storage for power “bricks” and cables
- Cable management with only a short length of DC power cable presented at the front of each shelf - so cables are all neat & tidy, very simple to connect and can't go missing
- Sequential soft start power management module as standard to prevent fuse and circuit breaker issues
- Choice of digital code, RFID or key locks
- Doors fold back 270 degrees preventing damage, providing easy access and with magnetic retention
- Available in cupboard or trolley variants, or as integrated modules within the **zioxi** TeacherWall

CHRG-LS-16	Static cupboard with storage and charging for 16 Laptops, with sequential power start and key lock	86h x 53w x 55d (cm)
