Pro:Centric Cloud

Pro:Centric Cloud improves the usability of enterprise's CMS solution and cloudification of system, reinforcing the service of 3rd party solution. It also offers various design templates, improving data collection and analytics platform with an eye-catching dashboard. In addition with new features; LG Channels* provides a convenient way to access wide range of content from CP (Content Provider) channels including broadcast TV channels without additional devices or subscriptions. And Mobile Application Creator lets you simplify the process of setting up concierge services on mobile device for guests. Through this function, the guest's request will be satisfied with immediate response.

* Currently supports in Germany, Spain, France, Finland, Ireland, Austria, Italy, Switzerland, Portugal and please check with your local sales for other EU countries.

Works with AirPlay

With Apple AirPlay, guests can stream content to LG Pro:Centric Smart Hotel TVs, right from their iPhone or iPad, whether it's to watch movies and shows from their favorite apps or share what's on their Apple devices, including photos, personal videos, games and more. Guests simply scan a unique, on-screen QR code after checking in to privately and securely pair their iPhone or iPad directly to the TV in the room for the duration of their stay.

TV Casting : AirServer

Experience an enhanced level of entertainment and comfort with the LG Hospitality TV featuring built-in AirServer. Guest can connect their personal devices with instant QR code login and enjoy their favorite OTT* shows on a big screen TV. It offers persisted pairing, so once pairing is completed, guests don't need to pair the devices again during their stay. More importantly, guests' personal information is automatically deleted upon check-out, ensuring privacy and security.
