

VLS1-24S-M-C

24-bay Volt laptop charging locker with AC-adapter storage and individual digital code locks

Capacity	24 devices up to 17-inch class
Charging	24 UK mains sockets for AC adapters
Security	Digital code locks with master key
Adapter support	Plug-top and brick adapters up to 65 W

Product overview

The Zioxi VLS1-24S-M-C is a high-density floor-standing charging locker for twenty-four laptops, Chromebooks and tablets. Manufacturer AC adapters are stored and connected in a separate front-accessed electrical bay containing twenty-four UK mains sockets. Each device compartment has an individual digital code lock with master-key override.

- + Flexible AC charging: Supports manufacturer plug-top and brick-style power adapters up to 65 W.
- + Individual digital access: Code locks support public multi-user or private dedicated-user operation.
- + Separate electrical bay: Chargers, heat and excess cabling remain away from device compartments.
- + Large-device capacity: Designed for most laptops and Chromebooks in the 17-inch class.
- + Locker-bank installation: Front service access, adjustable feet and 180-degree folding doors.

Overall dimensions: 1770 H x 580 W x 510 D mm

Technical specifications

Short product code	VLS1-24S-M-C
Current full UK code	VLS1-24S-M-C-G-UK
Manufacturer	Zioxi
Product type	Floor-standing Volt 1:1 mains laptop charging locker
Device capacity	24 devices

Adapters and cables included	No - individual device adapters and cables are required
Optional accessory	VLSST sloping-top module, 580 W x 510 D x 200 H mm
Warranty	5 years; 2 years covering electrical components

Compatibility and ordering notes

- Check device, case and charging connector dimensions against the 50 mm aperture.
- Extra-large wall-plug chargers may require confirmation with Zioxi.
- The -M suffix identifies mains-socket charging; the -C suffix identifies digital code locks.
- Change -UK to -EU for European Schuko sockets and mains lead.
