

EH-TW740

DATASHEET / BROCHURE

Recreate the awe-inspiring cinema experience at home with this easy-to-use Full HD, 3,300 lumens projector.

Lose yourself in your favourite films with this Full HD projector. It's easy to move and quick to set up, so you can sit back and appreciate its bright 3,300 lumens display. Offering great value for money, it packs in a range of essential features, and a long lamp life providing up to 18 years' worth of entertainment¹.

Big screen experience

Feel immersed in your favourite movies and games with this Full HD 1080p projector, that's capable of creating an impressive 386 inch display. Bringing the screen to life, 3LCD technology achieves a display that is up to three times brighter than competitor products². Its 16,000:1 contrast ratio also produces clearly defined shadows and deep blacks.

Years' worth of entertainment

Looking for a long-term, hassle-free and affordable solution for watching your favourite movies? With this model's long-lasting lamp light source, you'll be able to watch a film every day for up to 18 years¹.

Easy to set up

We don't think a home projector should be any more complicated to use than a TV. That's why this projector is hassle-free and quick to set up with features such as keystone correction to help quickly position the image. Accessing your entertainment is easy too with two HDMI inputs (including one MHL) for connecting DVD players, games consoles and more. Thanks to the optional ELPAP11 adapter, it offers Wi-Fi connectivity, allowing you to share content from a smart device using the iProjection app.

Brighter, vivid projection

Sit back, relax and revel in the beauty of our projected displays. Our projectors incorporate a range of high-tech features that work seamlessly in the background to provide you with awe-inspiring images.

Up to three times brighter colours with Epson projectors²

Even in bright rooms, this powerful yet affordable Full HD 1080p projector delivers exceptionally bright yet colourful images with clear details. It's all thanks to 3LCD technology, which produces an equally high White and Colour Light Output of 3,300 lumens.

No rainbow effect

Epson's 3LCD technology delivers a clear image that won't have the 'rainbow effect' that can affect some 1-chip DLP projectors.

KEY FEATURES

- **Enjoy the big screen experience**
Supersize your favourite films, games and sporting events at home
- **Easy to set up**

Noise Level	Normal:37 dB (A) - Economy:28 dB (A)
Supported Temperature	Operation 5° C - 40° C, Storage 10° C - 60° C
Supported Humidity	Operation 20% - 80%, Storage 10% - 90%
	Improper installation of the projector on a ceiling or wall may cause it to fall, leading to potential injury or damage. To prevent this, ensure the ceiling mount is securely fastened using all mounting points specified in the projector's user guide which is available to download from our support website (www.epson.eu/support). We recommend the use of Epson-approved ceiling mounts that are compatible with the projector model. Additionally, attach a safety wire of adequate strength to secure the projector to the ceiling mount.
	If the projector is suspended from a ceiling or wall mount and installed in an environment with heavy oil smoke or places where oils or chemicals are volatilized, places where a lot of smoke or bubbles are used for event staging, or where aroma oils are frequently burned, it can make certain parts of our products susceptible to a material degradation which over time could break and cause the projector to drop from the ceiling.
	We recommend that the equipment be inspected on a regular basis, either by the user or by a qualified professional, to ensure continued safe operation.
	If you are concerned about the environment in which your projector is installed, or if you have any other questions, please contact our support department and they can provide additional assistance.
Included Software	EasyMP Multi PC Projection
Options	Wireless LAN unit
Loudspeaker	2 Watt
Room Type / Application	Gaming, Home Cinema, Home Photo, Sports, Streaming, TV & Box sets
Positioning	Ceiling Mounted, Desktop
