### Adjustable, Secure TV Wall Bracket that Extends for Easy Cabling

This TV Wall Mount from Manhattan is your convenient solution to safely hold your flat or curved 43" to 90" display up to 75 kg (165 lbs.). Mount your screen just 75 mm (3 in.) from the wall for a sleek, modern look. Need easier access to your cables? Its innovative design allows an optional extension of an additional 60 mm (2.4 in.), making it easier than ever to manage your cabling without hassle.

### Optimal Viewing Angles

Achieve the perfect view with a versatile +5 to -10° tool-free tilt, +/-5° swivel, and +/-6 mm post-installation leveling adjustment.

### Robust and Reliable Construction

Constructed with heavy-duty, 2 mm thick reinforced steel and a durable powder coating, this mount provides strength and reliability.

### Precision Installation Made Simple

Included is an attachable bubble level for perfect alignment during installation.

The snap-in spring locks with release cords make mounting or removing your TV a breeze, adding an extra layer of safety and ease.

## Enhanced Security Protects from Theft

Ideal for public or commercial spaces, the anti-theft locking option (padlock required, not included) prevents the TV from being removed from the mount, perfect for digital signage or any setting where additional protection is desired, like office, hospitality or classroom.

### Features:
