Capacity	10 devices up to 17-inch class
USB-C charging	Integrated PD 3.0 up to 60 W per port
Access	MIFARE RFID cards and fobs
Management	onView web portal and mobile app

Product overview

The Zioxi VLS1-10S-UC-O is a connected desktop charging locker for ten laptops, Chromebooks, tablets and other USB-C devices. Each compartment uses onView MIFARE RFID access control, while the web portal and mobile app provide remote opening, user assignment, audit trails, locker modes, alerts, reporting and green-charge scheduling. Integrated USB-C PD electronics provide up to 60 W per bay.

- + Smart locker modes: Supports loan, break/fix, public and private workflows.
- + Remote administration: Open lockers, assign users, quarantine bays and change operating modes.
- + Audit and reporting: Tracks users, events, power use, temperature, location and locker state.
- + Green charging: Automated schedules and rules can shift charging to lower-carbon periods.
- + Ready-to-use USB-C: Ten USB-C to USB-C cables are supplied and fitted on the official # configuration.

Overall dimensions: 720 H x 580 W x 510 D mm
