Illustrative 24-bay key-lock tower

Capacity

24 devices up to 17-inch class

USB-C charging

PD 3.0 up to 60 W per port

Cables

24 USB-C cables included and fitted

Security

Individual key locks with master key

Product overview

The Zioxi VLS1-24S-UC-K is a high-density floor-standing charging locker for twenty-four laptops, Chromebooks and tablets. Integrated USB-C PD electronics are housed in a separate front-accessed electrical bay, keeping heat and excess cabling away from the device compartments. Each bay has an individual key lock with master-key access.

- + Integrated USB-C PD: Supports compatible laptops, Chromebooks, tablets and phones.
- + High-density storage: Twenty-four individually secured bays in a compact tower footprint.
- + Separate electrical bay: Charging electronics and excess cabling remain away from device compartments.
- + Safe access: Robust double-skin doors fold back through 180 degrees.
- + Locker-bank ready: Front service access and adjustable feet support side-by-side installation.

Overall dimensions: 1770 H x 580 W x 510 D mm

Technical specifications

Short product code	VLS1-24S-UC-K
Current full UK code	VLS1-24S-UC-K-G-UK#

Optional accessory	VLSST sloping-top module, 580 W x 510 D x 200 H mm
Warranty	5 years; 2 years for electronics; 1 month for supplied USB cables

Compatibility and ordering notes

- The complete UK code includes # because USB-C cables are included and fitted.
- The 50 mm aperture must accommodate the device, protective case and connected USB-C plug.
- Only USB-C Power Delivery-compatible devices should be connected.
- Change -UK to -EU for the European regional mains lead.
