EAN-13: 0766623462570 | UPC: 766623462570

Articulating Arm for Extra-Large Ultrawide Monitors with One-Touch Mechanical Spring Adjustment - ergonomic, full motion and height adjustable

Turn your (home) office desk into an ergonomic environment and reclaim valuable workspace with this Manhattan monitor mount. Since it uses a mechanical spring to hold your display, this monitor arm only needs a light touch to move your screen to the best viewing angle for you. The single-monitor VESA mount supports 17" to 49" displays with an impressive weight capacity up to 20 kg (44 lbs.). Whether you're working in an office, studio, or gaming setup, this desk mount delivers the performance and versatility you need. Built from high-quality aluminum with a sleek powder-coated finish, this heavy-duty mount is designed to withstand daily use and maintain its premium look. An attractive black finish complements your workspace.

Light-touch height adjustment

A mechanical spring makes it easy to raise or lower the display anywhere from 232 to 508 mm (9.1 to 20 in.) so it can sit in the best place for your line of sight.

For more information on Manhattan products, consult your local dealer or visit www.manhattan-products.com.

Adjust the tension according to the weight of your monitor to reposition it effortlessly.

Full-motion view optimization

The full-motion arm lets you extend, tilt and swivel across multiple axes, so it's easy to create an ergonomic workspace that fits your exact needs. You can also rotate your monitor from landscape to portrait orientation to view photos in portrait mode or see longer pages and blocks of code without having to scroll down.

Flexible Mounting Options

You can either clamp the mount to the side of a desk, table or counter that is 10 to 80 mm (0.4 to 3.2 in.) thick, or you can mount it through a grommet hole that is 10 to 60 mm (0.4 to 2.4 in.) wide. All the hardware you need is included in the box.

Quick-release VESA Plate

Simplify the installation process with the quick-release VESA plate. Easily hook and mount your display without the need for additional tools or assistance.

Clean cable management

Keep your workspace tidy and organized with the built-in cable management system. Minimize clutter and maintain a clean, professional appearance.

Features:

- Articulating double-link swing arm to support one 17" to 49" flat or curved monitor from 2 to 20 kg (4.4 to 44 lbs.)
- Optimized views with +50 to -20° tilt, 180° swivel and 232 to 508 mm (9.1 to 20 in.) height adjustment
- Mechanical spring for light-touch viewing adjustment
- Ideal for 21:9 and 32:9 ultrawide monitors, enhancing productivity, gaming, and multimedia
- Supports 360° rotation for landscape or portrait display orientation
- Mounting options: C-clamp at the edge of a desk (for surfaces 10 to 80 mm [0.4 to 3.2 in.] thick) or grommet mounting through a drilled hole (for surfaces 10 to 35 mm [0.4 to 1.4 in.] thick)
- Quick-release VESA-plate design to easily hook and mount your display
- Built-in tension adjustment to suit the weight of your monitor
- Heavy-duty construction with high-quality aluminum and powder

coating

- Built-in cable management to minimize clutter
- Ideal for heavy and large displays in (home) office, studio, gaming, IT network and security applications
- Meets VESA standards: 75x75, 100x100, 200x100, 200x200
- Three-year warranty
