New Presence Speed Wall/Floor

Presence Speed Wall/Floor has a clever manual height adjustment, thanks to the integrated BalanceBox. No electrical power is needed for the smooth and soft height adjustment.

Being a perfect support for touch displays, Presence Speed Wall/Floor will blend in great in any office or conference room. This elegant and strong product is designed for displays between minimum 60 and maximum 90 kg, and the smart design will shift the weight to the floor. Furthermore, the stand itself uses very little floor space.

The SMS Presence Speed Wall/Floor fully hides cables, and also has room for a media player.

Note!

Display weight minimum 60 kg

Display weight maximum 90 kg

Stroke length: 400 mm.
