Casing Pure Wall with Protective Glass

A sleek and protective display enclosure designed for public and professional environments.

Its slim steel construction and durable 4 mm polycarbonate protective panel combine modern aesthetics with reliable screen protection.

For added tamper resistance, the enclosure is secured with tamper-resistant safety screws, helping protect the display from unauthorised access.

The adjustable depth accommodates displays from 28 to 71 mm, providing compatibility with a wide range of professional displays from leading brands, including Samsung, LG, Hisense, Philips, Sharp, and Sony.

Casing Pure Wall will be available for portrait-oriented displays in sizes ranging from 32" to 86".

Ideal for digital signage, wayfinding, and information displays in:
- Corporate offices
- Educational environments
- Retail and shopping centres
- Healthcare facilities
- Public spaces and transportation hubs

Designed for high-traffic environments where durability, safety, installation
