Security
Digital code locks with master key

Product overview

The Zioxi VLS1-24S-UC-C is a high-density floor-standing charging locker for twenty-four laptops, Chromebooks, tablets and other USB-C devices. Integrated USB-C PD electronics are housed in a separate front-accessed electrical bay, while each device compartment is secured by an individual digital code lock with master-key override.

- + High-density charging: Twenty-four secure device bays in a compact tower footprint.
- + Integrated USB-C PD: Supports compatible laptops, Chromebooks, tablets and phones.
- + Ready to deploy: Twenty-four USB-C to USB-C cables are included and fitted.
- + Flexible access: Digital locks support public multi-user or private dedicated-user operation.
- + Safe installation: Front service access, adjustable feet and 180-degree folding doors support locker banks.

Overall dimensions: 1770 H x 580 W x 510 D mm
