Setting the Scene

The Vieunite Pro platform offers a sophisticated solution for businesses looking to transform their physical spaces through the power of digital art; using your own uploaded content or that of our Art Library. This content is not just decorative; it is designed to enhance the customer experience, reduce perceived wait times, and create a dynamic atmosphere that evolves with your business needs.

Curated Collections & Art Library

Unlock a world of inspiration with the vast, expertly curated Vieunite Art Library, featuring works from emerging talent and world-renowned galleries. Rotate collections, create personalised playlists, or bring classic masterpieces into any space for a constantly fresh, gallery-quality experience.

Vieunite Pro CMS

Take full control of your Textura with our advanced content management system. Easily schedule, update, and organise content across multiple canvases through a secure, intuitive platform.

Curated with the Artist

At Vieunite, we know that visual connection cannot be generated by an algorithm. Our five-person curatorial team, a collective of art historians and practising artists with over 80 years of combined experience, treats the sequencing and organisation of art as visual poetry.

By meticulously ordering images so that new meanings emerge from their harmony and flow, we harness the full power of the 55” 4K Textura canvas, allowing this sophisticated technology to perform at its peak as a resonant and engaging communication powerhouse.

We work closely with our creative community of artists and galleries, to connect you and your clients with deep creativity. Through direct collaboration with contemporary masters like Alexander Rhys and Guillermina Etchebarne, we ensure every “ready-to-display” playlist is a genuine cultural exchange.

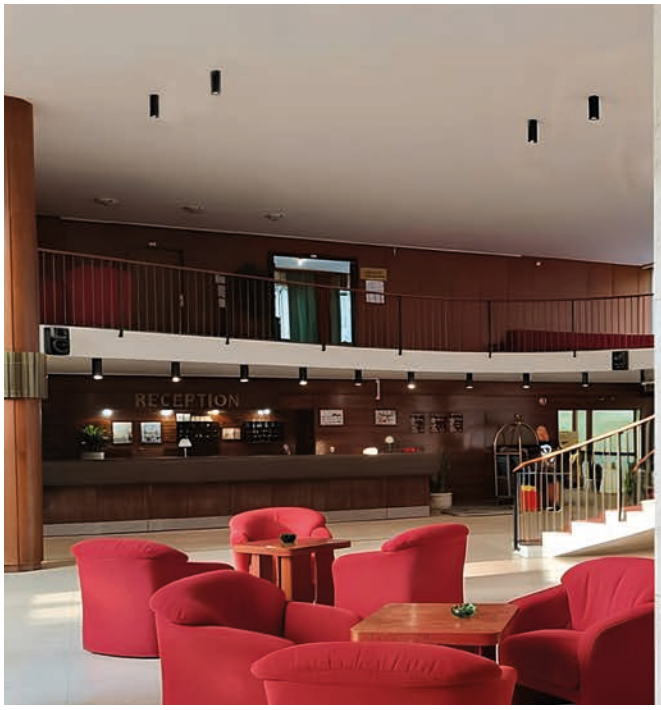

The result is a frictionless, one-click solution that respects the artist’s intent while solving your most distinct communication challenges through the power of world-class artistry paired with best-in class display technology.

“Being an artist requires thinking outside the box. However, with Vieunite, your creativity thrives when you think inside the frame! The digital canvas is a highly useful tool for creating, as it allows for immediate worldwide exposure and makes art affordable to everyone”

Vieunite Artist, Kemelyen

Engineered for Artistry

Artwork: 6 Seasons Dreaming by Julianne Wade (Vieunite Art Library)

Ultra-Faithful Display

Featuring an advanced texture-accurate display technology, colours and brushstrokes are reproduced with precision, reflecting the artist's original intent. Designed specifically for showcasing intricate artwork, Textura delivers true-to-life visuals with depth and realism.

Easy Mounting

Installation is quick and effortless, with a free flush-fit wall mounting system that ensures your display is securely positioned. Hang your Textura in landscape or portrait orientation, or use the VESA mounting holes if you are using a third-party mount.

Integrated Speakers

Immerse yourself in rich, room-filling sound without extra hardware. Textura's built-in speakers deliver clear, balanced audio that complements the visual experience perfectly.

Multiple Frame Options

Personalise your Textura canvas to suit your décor or branding. Choose from Black or Walnut crafted premium hard wood frames to seamlessly integrate with your interior, creating a tailored look that enhances the display's elegance.

Vieunite. PRO

Refine Your Corporate Messaging

The Vieunite Textura Pro is a display medium designed to revolutionise business communication. Stand out from competitors and captivate your audience like never before by displaying your own content that truly reflects your brand's identity. Mix exquisite artwork with promotional content and internal communications to create memorable customer experiences.

Flexible Content Playback

Textura Pro gives you total flexibility for displaying content. Manage and schedule artwork directly via the Vieunite Pro Portal, run third-party apps on the integrated Android 14 media player, or connect an external device via HDMI.

Remarkable 4K Resolution

Stunning 4K visuals offer ultra-high definition clarity, showcasing every intricate detail with vivid detail. Ideal for displaying art, photography, or video content, bringing every image to life with true cinematic quality.
